Data from NVI

Data from private laboratories

Data from a questionnaire

Official data

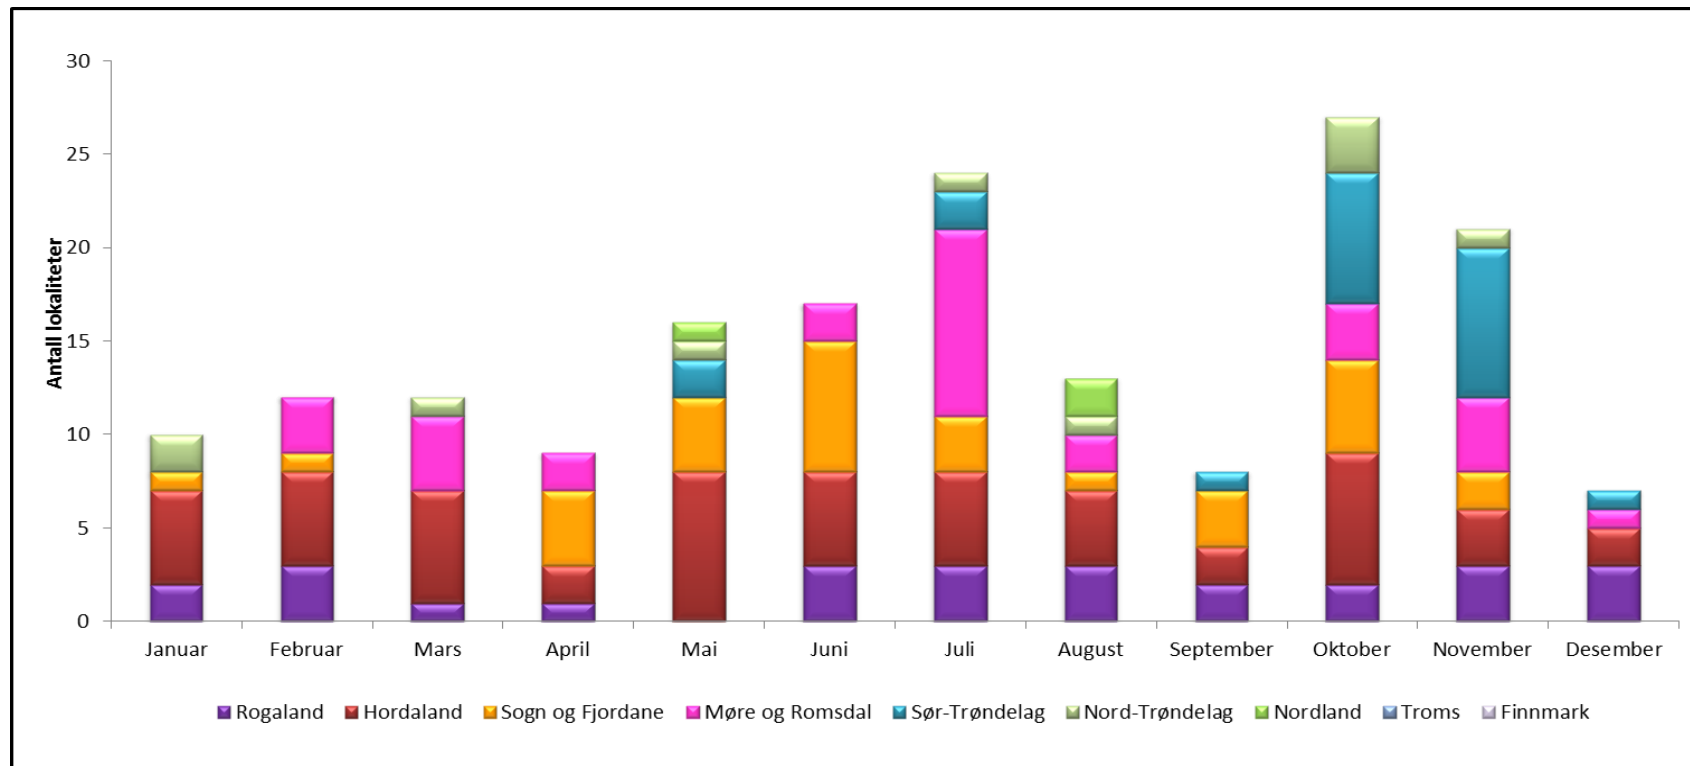

Pacreas disease PD

Number of annual outbreaks of PD in Norway

2017	176
2016	138
2015	137
2014	142
2013	99
2012	137

Monthly occurrence by county 2017

PD- a serious disease sykdom?

Impact 2016

Total: 3,4

Nord: 1,5

Midt: 3,3

NordV : 4,2

SydV: 4,8

Impact 2017

Total: 3,3

Nord: 1,3

Midt: 3,1

NordV : 4,3

SydV: 3,8

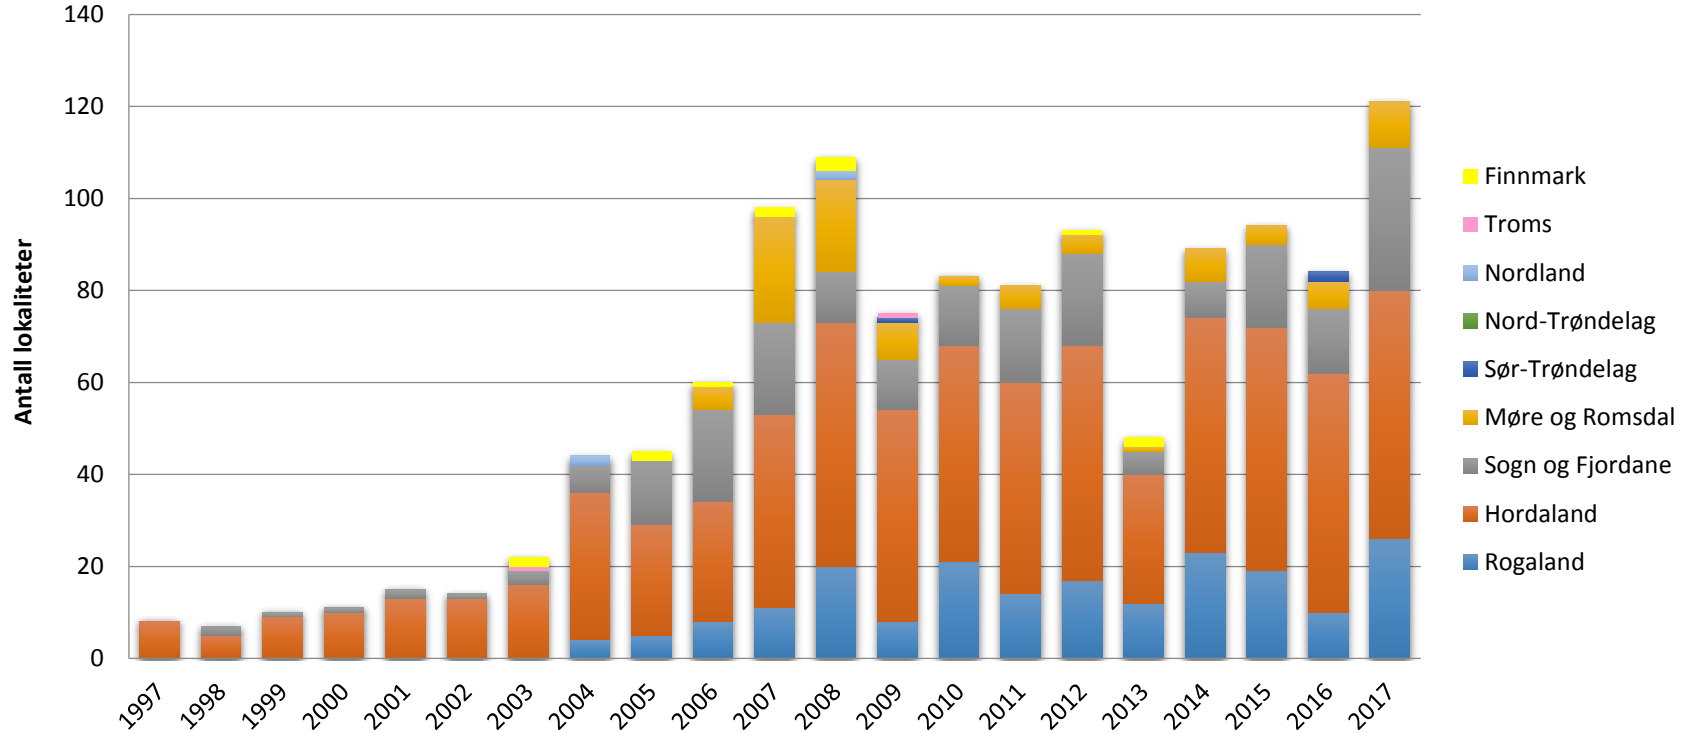

Regulation of September 2017

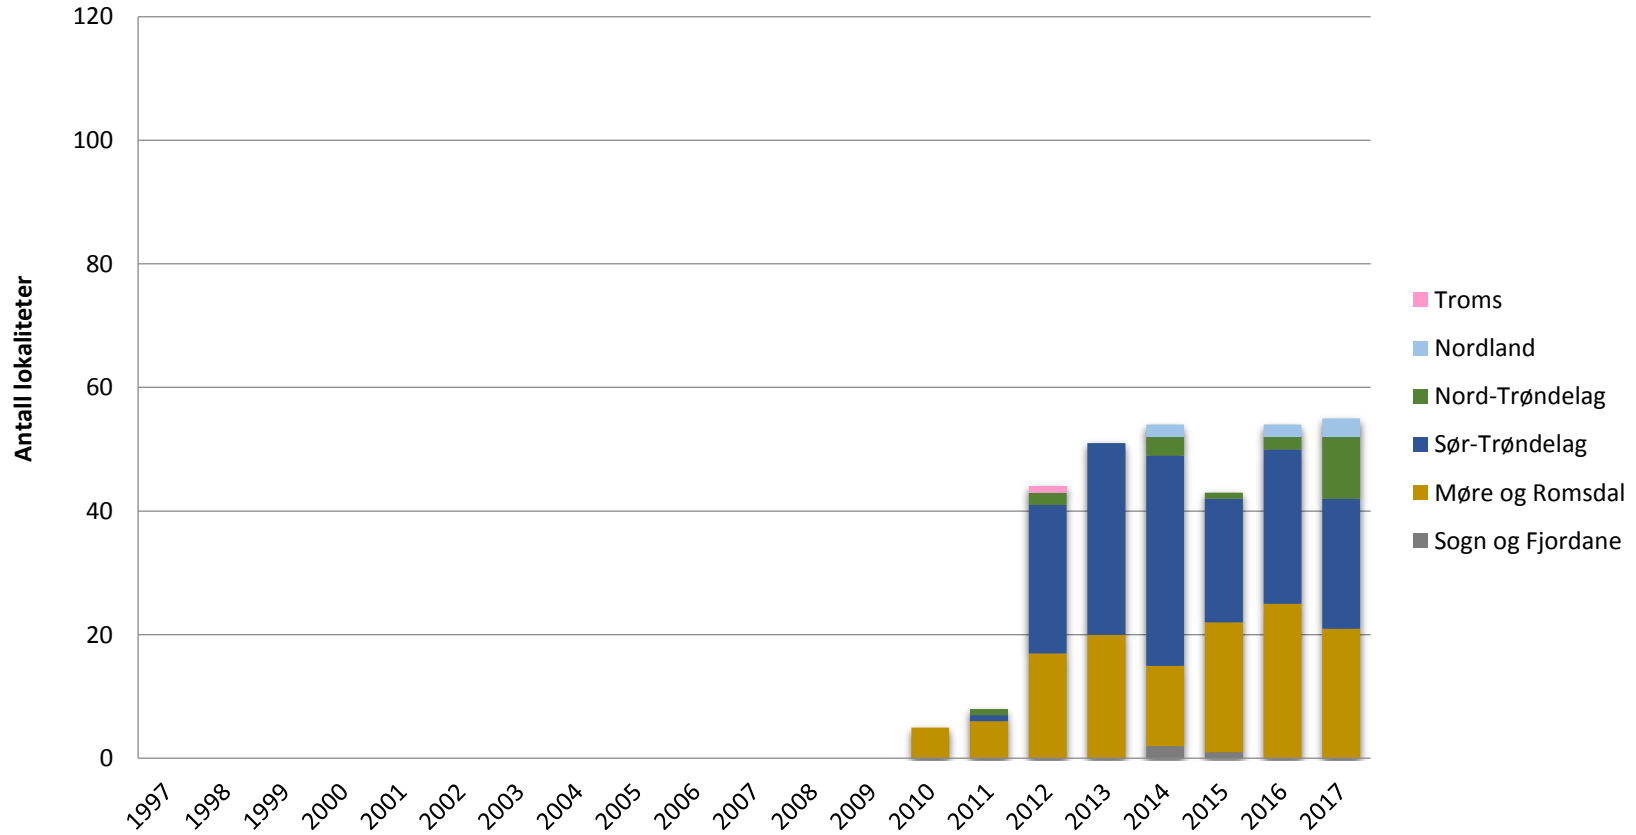

All salmonid fish farms that uses untreated seawater must sample 20 fish each month and send them for analysis for SAV by PCR at an accredited laboratory. All results of this testing must be reported to the national reference laboratory.

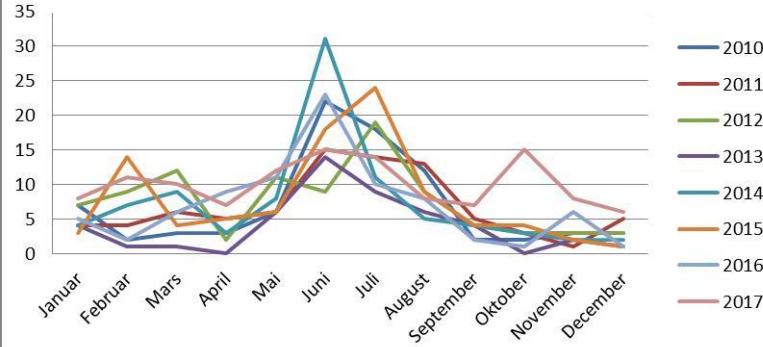

SAV3-cases 1997-2017

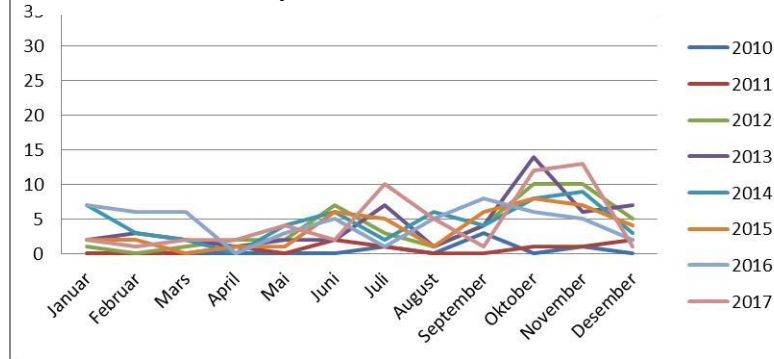

SAV2-cases 1997-2017

SAV3 monthly incidence rate 2010-2017

SAV2 monthly incidence rate 2010-2017
